Dear Members and Families,

As we prepare to transition into a new season this September, we want to inform you about some necessary adjustments to our pricing structure. Despite our best efforts to maintain low costs, rising expenses from England Boxing and our insurance company, as well as the need to upkeep our equipment, have made it essential for us to revise our fees.

Effective from September, the prices for our junior sessions will increase from £3.50 to £4.50 per session. Additionally, the yearly subscription for juniors will now be £20. For our adult members, session prices will remain unchanged at £6.50 for non-carded boxers and £5.00 for carded boxers. However, the yearly subscription for adults will now be £25.

These adjustments are not decisions we took lightly. We passionately believe that all children and families should have access to our club, which is why we have always strived to keep our prices as affordable as possible. Unfortunately, these changes are necessary to continue providing a safe and high-quality environment for all our members.

We deeply appreciate your ongoing support and understanding during this transition. Your commitment to Mile Oak Boxing Academy enables us to keep offering valuable experiences and training for everyone involved.

Thank you for being a part of our community.

Sincerely,

Tracy Davies
